“Gonna miss you sitting in the office next to me. Already miss checking up on you while running around in the hallway. Gonna miss you telling me to slow down on the coffee when I'd be talking loudly down the hallway and that face you'd make like nails on a chalk board. Gonna miss you telling me to use the ICM button while I was wired on caffiene....Most of all I will miss how you would say at the end of the day when going to your other job ...."off to my other job... i gotta go save lives." I will miss you dearly.

“ *Leny and I have been friends since elementary school and lived closed to each other as children. Losing touch and reconnecting several times over the years, but always maintaining a close relationship picking up where we left off. I will miss her smile, her humor and laughter, her beautiful face and most of all, her sage wisdom whenever we shared life's experiences with each other. Dear Leny....you will remain in my heart, thoughts and prayers....always. Rest now sweet angel, your work on Earth is done. Much Love-----Edna C. Garcia*
