“ I have way too many memories to share I can't even just pick one. I will hold them dear to my heart forever. You were like a 2nd mother to me and treated me like your own. I cherish the long conversations we had recently She told me how much she loved her kids and grand babies and how she loved spending time with her mom. We had so many late nights and many laughs at the vamp palace. You will be dearly missed! We love and miss you already My Condolences to the whole family! Love Elli, Rob, Kyra and Rj
